A "Hunter Pace" simulates a normal hunting pace, some walking, some trotting and some cantering, as you would during the course of an actual hunt, bearing strictly in mind the safety of both horse and rider. Excessive speed, running up on or through other groups is forbidden. Common sense riding and courtesy to others in the field prevail at all times. Remember this is not a speed event. The fastest time does not win. We will average all the ride times in each division and the team closest to the average, will win. Excessively fast or slow times will not be included in the average. Please remember this is a fun family activity. PLEASE! You are riding on private property and only given permission for this occasion. YOU DO NOT have permission to ride the properties before or after the Hunter Pace.
